

# Commercialising Academic Innovation for Decommissioning

**Dr David Mahon**

Business Development Manager  
**Lynkeos Technology Limited**

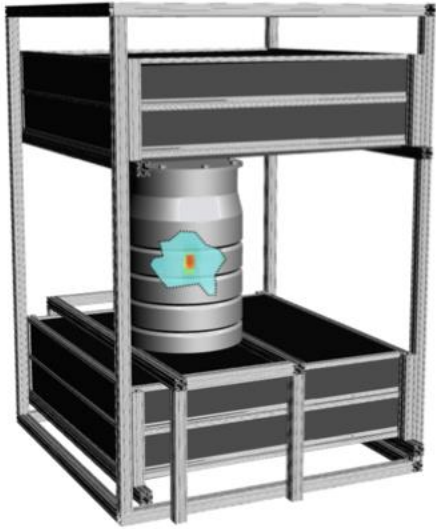

Lecturer in Nuclear Physics  
**University of Glasgow**

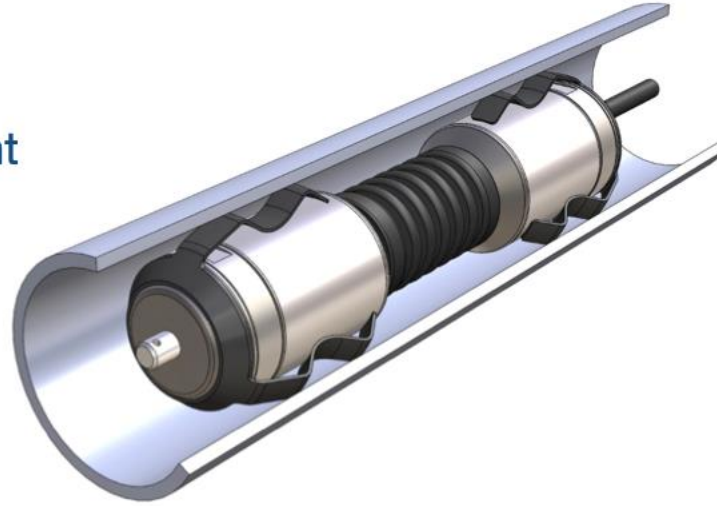

University  
of Glasgow

# (BRIEF) OVERVIEW OF OUR APPLIED R&D

World-leading development of cosmic-ray muography for radioactive waste management and built infrastructure inspection

Pushing the boundaries of radiation detection for applications in cross industry decommissioning and healthcare

8

Former Ph.D. students given first employment

7

Former Ph.D. students within the nuclear industry

8

Ph.D. students funded for nuclear industry R&D

15

Academic and industry awards and accolades

1(.5)

Commercial spinouts created

£7.5M

Total applied research and commercial income

# (SOME) SOURCES OF SUPPORT

UK Research  
and Innovation
