

NSAN Masterclasses

In collaboration with the Nuclear Training Network

NSAN are delighted to launch a suite of Masterclasses in collaboration with the Nuclear Training Network for 2024. The Masterclasses have been designed to align with the skills shortage within the industry and will be delivered virtually by an expert live tutor.

The principles of Radiation Protection and working in a Radiation Controlled Area

Wednesday 7th February, 09:00 - 16:00

Covering types and sources of ionising radiation, providing an overview of the regulations, dose and units, go into more detail in terms of PPE (R2C2 Equivalent) and Radiation Controlled Area access and egress.

Member price - £470pp / Non-member price - £600pp

Systems Engineering Executive Summary

Thursday 22nd February, 10:00 - 12:00

Helping to equip you with the skills and understanding of a systems approach to scope and to solve complex business challenges.

Member price - £120pp / Non-member price - £220pp

Introduction to Project Management

Wednesday 27th March, 09:00 - 16:00

Topics covered include 'What is a project?', the standard Project Life Cycle, the importance of Stakeholder Management, and key project documentation.

Member price - £125pp / Non-member price - £250pp

Human Factors and Security

Thursday 25th April, 10:00 - 12:00

Offering a high level introduction to Human Factors and Security in design of security facilities.

Member price - £50pp / Non-member price - £100pp

Nuclear and Systems Engineering

Wednesday 8th May, 09:00 - 16:00

Introducing the broad topics around Nuclear systems and engineering, including basic reactor design, design review of nuclear systems and an introduction to working on a nuclear site.

Member price - £470pp / Non-member price - £600pp

Safety Cases

Wednesday 22nd May, 09:00 - 12:00

Providing an overview on the importance of safety cases within the nuclear industry.

Member price - £75pp / Non-member price - £150pp

CDM for Project Managers

Wednesday 19th June, 10:00 - 12:00

Raising awareness of CDM 2015 and how it aligns it to the project lifecycle. Allowing Project Managers to understand what part they can play in ensuring CDM is understood, and gain an understanding of who has roles and responsibilities (duty holders under CDM 2015).

Member price - £50pp / Non-member price - £100pp

Winning Nuclear Tenders

Wednesday 17th July, 09:00 - 12:00

For business development specialists new to nuclear, persons new to tenders and the tendering process, and persons experienced in nuclear BD who want to refresh/validation of their activities

Member price - £100pp / Non-member price - £200pp

Reactor Operator Basic Introduction

Wednesday 6th November, 10:00 - 12:00

Includes the basics of passive safety / thermal feedback, basic reactor design including control rods and containment. Suitable for anyone with no previous knowledge, but with a small amount of science background.

Member price - £75pp / Non-member price - £150pp

All prices above are excluding VAT.
